

CALL FOR PAPERS

An invitation to share your research

AGM Journal invites researchers, lecturers, doctoral candidates and students to submit original research. A new journal issue is published every month.

Research areas

Multidisciplinary research in natural and exact sciences, technology, economics, education, social sciences and humanities. The editorial office evaluates whether each manuscript fits the journal scope.

Manuscript requirements

Original, previously unpublished research with a clear title, author affiliations, abstract, keywords, methods, results, conclusion and references. Cite sources and obtain consent from all co-authors.

Languages and files

Uzbek, English and Russian. Submit a PDF or DOCX file up to 20 MB. Prepare the final publication file according to the editorial guidelines.

Editorial process

Submission > initial editorial screening > peer review > revisions > publication decision. Submission is not acceptance. New issues appear monthly; issue assignment and publication date follow the editorial decision.

Publication fee

Students: UZS 100,000. Other authors should contact the editorial office for applicable fees and payment procedures. Payment does not guarantee acceptance or a favourable review.

Publication materials

A permanent article page, a PDF with journal publication details and a publication certificate that can be verified through the online journal registry.

Submit your manuscript
